- the spread between market prices for refined products and market prices for crude oil;
- the possibility of constraints on the transportation of refined products;
- the possibility of inefficiencies, curtailments or shutdowns in refinery operations or pipelines;
- effects of governmental and environmental regulations and policies;
- the availability and cost of financing to HollyFrontier;
- the effectiveness of HollyFrontier's capital investments and marketing strategies;
- HollyFrontier's efficiency in carrying out construction projects;
- the ability of HollyFrontier to acquire refined product operations or pipeline and terminal operations on acceptable terms and to integrate any future acquired operations;
